

Tip

Cupcakes to Go!

Cupcakes are the perfect little treat... but we all know that they don't travel well! Here's a quick and inexpensive solution to help you get perfect cupcakes to your kids class or keep them beautiful for favors at your wedding or party. With a few inexpensive items from Dollar Tree, you can make adorable cupcake containers to make it easy to transport these delightful little treats.

Shop at Dollar Tree – Here's What You'll Need:

- Cupcakes (from boxed cake mix and frosting to cupcake papers and muffin baking pans, we have everything you need to make your cupcakes for less.)
- Clear Plastic Party Cups
- Cellophane Bags or Wrap
- Ribbon

Easy Step-by-Step Directions:

1. Prepare, bake, and decorate the cupcakes to your liking.
2. Place each cupcake inside of a plastic party cup. To help avoid messing up the icing and decorations, hold the cupcake just above the opening of the cup and drop it quickly.
3. Cut the cellophane wrap into 17x17" squares.
4. Place the cup on top of a piece of cellophane.
5. Gather the cellophane up around the cup, bringing it together just above the top of the cup. Cinch the cellophane and tie it tightly with a pretty ribbon.
