Movie Night

Going out to a movie these days is an expensive adventure... especially if you're taking the entire family. And, you better be sure to feed everyone before you get to the theater because snacks will cost you another small fortune. Why pay all those high prices when you can create a more comfortable — and way more affordable — movie night at home with your kids, friends, or significant other? Rent your favorite flick and then stop by your local Dollar Tree for everything else!

Shop at Dollar Tree – Here's What You'll Need:

- Candy (Dollar Tree has a WIDE variety of theater boxed candy for just \$1.00 each. We carry some of the same flavors and brands you'll find at your local theater, but for a fraction of the price!)
- Popcorn and Popcorn Buckets
- Drinks and Snacks
- Paper Napkins, Plastic Cups, and Straws
- Batteries for Your Remote Control

Fun Tip:

- Need a budget-friendly date-night idea? A romantic movie night in makes the perfect gift. Pick up some candles while you're at Dollar Tree to help set the mood.
