## Shop at Dollar Tree – Here's What You'll Need:

- Two 4" Glass Candleholders (your choice of shape)
- Two Bags of Glass Luster Gems
- Glue

## Easy Step-by-Step Directions:

1. Place a dot of glue on the bottom of each glass luster gem and glue them to the outside of the candleholder. You can glue them in rows, patterns, or make shapes... the possibilities are endless. Let everything dry overnight.
2. Once the glue is dry, add a candle to your candleholder, light it, and enjoy the way the light bounces and reflects off the luster gems.

## Fun Tip:

- Instead of a real candle, place battery-operated LED tealights inside the candleholder and use it as a night light in a child's room, guest room, or bathroom.
