

Tip

# Stylish Refrigerator Mats

Keeping your fridge neat and tidy is a necessity, but it can also be time consuming. The idea of spending hours removing shelves then soaking and scrubbing is less than appealing. Save yourself the future agony next time you clean and make it last by adding easy-to-make refrigerator mats to your shelves. Cleaning up spills and drips is a breeze with easily removable mats you can wipe down in seconds. Plus, you can add a personalized decorative touch by choosing the color and/or pattern that suits your decor and tastes... and it will only cost a few bucks (even better!).

## Shop at Dollar Tree – Here's What You'll Need:

- Vinyl Shelf Liner
- Scissors

## Easy Step-by-Step Directions:

1. Measure the length and width of each shelf.
2. Cut shelf liner to fit each shelf. Save any scrap pieces to cover smaller or odd-shaped spaces.
3. Remove the backing from the liner and carefully place it on each shelf, smoothing out any bubbles as you go.
