

# Trendy Confetti Glasses

Get the look that is all the rage right now... at a fraction of the price! This colorful confetti glasses idea is great for celebrations such as weddings, baby showers, parties and more. You could also make a set to give to friends and family as gifts. This simple, yet stylish, craft can be done on any glass — wine glasses, champagne flutes, drinking glasses, vases, and candleholders.

## Shop at Dollar Tree – Here's What You'll Need:

- Glasses
- Nail Polish in Various Colors/Shades
- Rubbing Alcohol
- Soft Cloth

## Easy Step-by-Step Directions:

1. Use the cloth and rubbing alcohol to clean the surface area of the glass you are painting.
2. Starting with the darker color first, paint dots of nail polish on your glass and let it completely dry. If you're decorating drinking glasses, be sure to keep the paint at least 2" away from the top rim.
3. Repeat this process with the lighter shades, slightly overlapping some of the colors, until you reach your desired look.

## Fun Tips:

- Vary the look of your design by using various shades of one color, or several different colors... the choice is yours.
- Decorate your favorite glasses to match the color scheme of your next party. When the party is over, simply remove the nail polish with nail polish remover.
- Dress up a wedding by painting vases and candleholders with colors that coordinate with the theme or color scheme.
- If you are painting drinking glasses, keep in mind that while the nail polish is water resistant, it isn't dishwasher safe, so be sure to hand wash.
