

Tip

Wine Glass Party Favors

Hosting a party and need a fun idea for a party favor? Whether you're planning a baby shower, wedding shower, or just having a cheese and wine night with your best friends, here's a simple favor idea that uses just two items from Dollar Tree. Plus, this colorful favor can double as table decorations or your guests' wine glasses for the evening.

First, pick up a few wine glasses from Dollar Tree. Choose from the many styles available, they are all just \$1 each! Then, grab some filler that matches your party's theme or color scheme. We used our pink metallic shreds (you'll find them in the gift-wrapping section), but tinsel garland, colorful party beads, curly ribbon bows, or curling ribbon would also work. Simply stuff the glass with the filler and allow some to overflow from the top. Set your party table with your filled glasses, and voilà... you have a beautiful party decoration that doubles as a favor your guests can take with them when they leave!

Fun Tips:

- For a little added excitement, purchase gift cards from your guests' favorite stores (yes, Dollar Tree does sell gift cards!) and stuff them in among the filler. It makes for a great little surprise when your guests reach in to remove the filler.
- Use the glasses as part of a table raffle, with one glass containing a card that wins a prize.
