Clothesline Art Display

Do you have a little Picasso who creates a new work of art every day? Do you have the desire to reclaim the front of your fridge for grocery lists and invitation reminders? Here's a clever (and WAY cheap) way to display your kids' works of art so that they can be easily swapped out for their newest creations.

Shop at Dollar Tree – Here's What You'll Need:

- Clothesline, Twine, or Ribbon
- Nails or Tacks
- Clothespins or Chip Clips

Easy Step-by-Step Directions:

1. Hammer two nails (or press two tacks) into your wall (choose a space that's prominent in your house, or near your child's art corner or bedroom).
2. String the clothesline/twine/ribbon from one nail to the other and tie it off securely at both ends.
3. Space the clips a couple feet apart and load them up with your favorite kiddie creations!
