Shop at Dollar Tree – Here's What You'll Need:

- Bag of Assorted Latex Balloons
- Crepe Paper Streamers
- Tape

Easy Step-by-Step Directions:

1. Working from the bottom up, tape streamers across the doorway. Leave just enough slack to fit blown-up balloons between the streamers and the closed door (this works best on doors that open inward).
2. Continue up the door, crossing the streamers and piling the balloons until you reach the top.
3. Be ready for when they wake up and open the door!
