

Tip

Secret Message Banana

It's the little things that show how much you care — a little love note in an unexpected place can have a big impact! Imagine the smile on your child's or other loved one's face at lunchtime when they pull out what seemed like a regular banana, to find a little reminder that there's someone who's thinking of them!

Simply write a message on the banana peel, pressing firmly, but avoiding breaking the skin. Then, stick the banana in their lunch bag. Over the course of the day, the area where you wrote will darken and the secret message will appear. Think of their smile when they open their lunch and see an extra special snack!
