

Frugal Fun

Kid-Friendly Hand Soap

You know washing your hands is important, but all your kiddo sees is a chore that has to be done between playing and eating. Make it a bit more fun by giving them their own cool bottle of liquid hand soap... complete with their favorite toys! Shop around the toy and party favor section in your local Dollar Tree to find their favorite themes — princess jewelry, snakes and lizards, or colorful marbles — to add to a bottle of liquid hand soap. Once the soap is gone, they get to play with the toys.

Shop at Dollar Tree – Here's What You'll Need:

- Clear Container of Liquid Soap
- Small Toys – Doll Shoes, Building Bricks, Marbles, Small Bugs or Animals, etc.
- Rubbing Alcohol

Easy Step-by-Step Directions:

1. Use rubbing alcohol to remove labels and adhesive from the soap container.
2. Open the bottle and add small toys... you may have to remove some of the soap to avoid overflow. Replace pump lid and put in the kids' bathroom.
