

Custom Candle Creations

Here's a clever idea for decorating and personalizing candles... they're so fun and easy to make that you'll be creating custom candles for every holiday and gift-giving occasion! Celebrate your team spirit with jersey numbers in team colors or drawings of the team mascot, let the kids draw something up for grandma and grandpa, decorate with numbers and names for birthdays, or create special holiday designs — the possibilities are endless. The best part is it will only cost you a few bucks for these custom, one-of-kind gifts... now, that's a value!

Shop at Dollar Tree – Here's What You'll Need:

- Candles (white or light colors work best)
- White Tissue Paper
- Tape
- Scrap Paper
- Wax Paper
- Permanent Markers
- Hair Dryer

Easy Step-by-Step Directions:

1. Cut tissue paper roughly the size of your candle.
2. Draw on the tissue paper with permanent markers, but be sure to place a piece of scrap paper underneath the tissue (secure the tissue with tape) as the markers will bleed through.
3. Cut your finished design out of the tissue (as close as possible) and wrap it around the candle.
4. Roll the candle in a piece of wax paper, waxy side facing in, and tape closed to hold the design tightly to the candle.

5. Using a hair dryer and being careful not to burn your fingers, heat the candle until you can no longer see the edges of the tissue paper (about 20 seconds). The wax from the wax paper seals the tissue paper design to the candle, so you can burn the candle as you would normally.

Important Reminder: remember to never leave a burning candle unattended.
