## Kids' Table Full of Fun

When the kids' table is this much fun, EVERYONE will want to sit there! Use brown mailing paper (instead of a tablecloth) to cover the table. At each place setting, draw a frame with a black marker and set a cup full of crayons for each child. While the turkey is being carved, each child can draw and color their own placemat! You can also make place cards from plain paper with each child's name on it so they can draw or write what they're thankful for.

For more Thanksgiving ideas to keep the kids busy, hunt for **Tabletop Turkeys**, **Personal Pilgrim Napkin Rings**, and the **Paper Bag Popcorn Turkey** on this month's Value Seekers Club page!
