Magnetic Clothespin Organizers

Is one of your resolutions to become more organized? How about staying better on top of daily events? You can keep both of these resolutions in style with fashionable clothespin refrigerator magnets.

Simply use markers, paint, self-adhesive paper, or decorative tape to personalize ordinary wooden clothespins — plus, it's super affordable because you get 36 clothespins for just a buck at Dollar Tree! You can also glue paper, glitter, or other embellishments to your clothespin... and we have you covered with a great selection of \$1 wrapping paper, wooden cutouts, paint, decorative tape, ribbon, and glitter! Finish them off by gluing magnets to the back of each clothespin and sticking them to the fridge to hold reminder notes, shopping lists, outgoing mail, bills to be paid, papers to be signed — anything that needs your attention. When you grab your morning OJ, everything will be right there as a handy reminder! Now, if only we could figure out a way to magically pull the report cards out of the kids' backpacks...
