Candy Cane Place Card Holders

Here's a little "twist" on a party classic! Help your guests find their seats at Christmas dinner with these unique place card holders made from 3 mini candy canes. They're also perfect for holding name cards to identify all your holiday delicacies on the buffet or appetizer stations. One box of 30 mini candy canes costs only \$1 and will make 10 place card holders... now that's leaving more jingle in your pocket!

Shop Dollar Tree, Here's What You'll Need:

- 3 Mini Candy Canes (per place card holder)
- White glue
- Rubber band
- Wax paper

Easy Step-by-Step Directions:

1. Unwrap 3 mini candy canes.
2. Rubber band the straight sections of the candy canes together (this way you don't have to hold the stand while the glue dries.) Make sure two of the curved edges are close enough together to hold your note card. The third curved edge acts as the "leg" on the back of the holder to keep it upright.
3. Glue the straight sections of the candy canes together. Pour a little glue on the top and the bottom.
4. Set the candy cane holders on the wax paper to dry.
5. While the holders are drying, make your place cards out of cardstock, each about 3 ½" wide and 1 ½" tall, and write on your guests' names. When the holders are dry, add the place cards and set your table!
