

Hello {first name, last name}

We at Honeywell want to ensure your household is receiving the full benefit available with your new {product name}. Here are some advanced features that can help deliver a comfortable home environment and save energy.

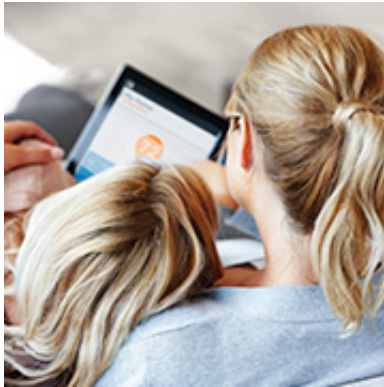

Wi-Fi Smart Thermostat with Voice Control

Offers hands-free voice control and gives you remote comfort control with the Total Connect Comfort app. You can be anywhere and manage your home's comfort and energy use.

[Explore more features](#)

Share control

Because your new thermostat is Wi-Fi enabled, other users on your network can manage it through their smartphones or tablets. Forward this message to your family and get them involved.

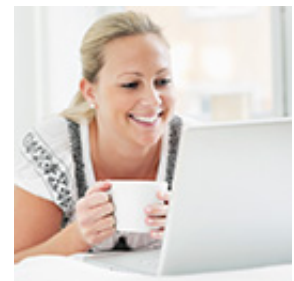

How to build a connected home

Stay connected to your home no matter where you go. Start enjoying the benefits of your new thermostat within minutes. You'll soon have the comfort of control, from across the room or around the world.

Create your own connected home

Look forward to tailored content

- Seasonal newsletter with advice for keeping your home comfortable through the seasons
- Occasional emails on new products & offers
- Tips on optimizing your device to save more

We're here for you
